

HUNGER-STRIKING CORK MAYOR AND MANNIX ARE IRISH STORM-CENTERS

LONDON.—These two men are the storm centers in the Irish situation today. (Left)—Terrence MacSwiney, lord mayor of Cork, who is hunger-striking in Brixton prison. If he dies, Sinn Féin intimates they will find Lloyd George and other British officials guilty of "murder" and will kill them. Riots and demonstrations here, in Liverpool and in Ireland have marked the effort to effect his release. New York longshoremen went on strike, trying to get British liners, carrying "Release MacSwiney and let Archbishop Mannix go to Ireland!" Mannix (right), a pro-Sinn Féin leader from Australia, went to the British Isles despite British orders, that he would not be allowed to visit Ireland. He is still in England.

BRITISH MILITARY PAPERS TAKEN BY SINN FEIN RAIDERS

Daring Coup Puts Irish in Possession of Important Military Information

BRITAIN TO IGNORE PLEAS IN BEHALF OF MACSWINEY

Will Adhere to Policy Says Secretary for Ireland

LONDON, Sept. 2.—A Sinn Féin raiding party invaded the Royal Air Force headquarters at Baldry, near Dublin, Saturday night, and carried off a large number of secret military documents, including the army code and cipher used at the present time, according to the Daily Mail. It is declared the coup was the most daring and important attempted in Ireland since the present unrest began.

Among the papers stolen, it is said, were orders relating to the joint operations of the army, navy, air forces and the royal airship constabulary; the scheme of Irish defense plans, the details for lighting airbases for night flying and proposals for new development of the royal air force in Ireland. Revolvers, ammunition and field glasses were also taken.

Ignore MacSwiney Appeals
LONDON, Sept. 2.—Appeals in behalf of Terrence MacSwiney, lord mayor of Cork, who is in a critical condition at Brixton prison, will not be recognized by the British government, Sir Hamar Greenwood, chief secretary for Ireland intimated in an interview with the correspondent of the London Times, at Lucerne today. Sir Hamar indicated the government would unswervingly adhere to its Irish policy.

"The present lawlessness in Ireland," the Times correspondent quotes Sir Hamar, "is the work of a small body of men who are striving by anarchy to impose secession from the British empire on eighty per cent of the people of Ireland who don't want to secede."

27 Dead in Belfast
BELFAST, Sept. 2.—Dripping skies canopied Belfast this morning and the rain was greeted with relief by the military in the hope that it would discourage rioting. The soldiers were posted in doorways and other vantage points to deal with snipers. The death list in the present rioting was increased to 27 during the night. Soldiers shot one of their own men while chasing a sniper, the pursuer being mistaken for the man he was chasing. A civilian wounded during Tuesday's rioting died.

MacSwiney Weaker
LONDON, Sept. 2.—Lord Mayor Terrence MacSwiney of Cork was reported to be very much weaker this morning, but despite his rapid failing still was bright.

A sudden weakness developed during the night but this was somewhat offset by two hours of fitful sleep.

COTTON RALLIES
NEW YORK, Sept. 2.—Bullies featured the cotton market here today.

October contracts led the advances, selling up to 25.90 cents a pound in the afternoon or \$1 a bale above yesterday's closing.

INCREASED PAY CHECKS GIVE RAILROADMEN HANDSOME INCOME IN CURRENT MONTH

Railroad workers of La Crosse have had brought home to them in gratifying and substantial style this week the benefits of the Esch-Cummings law, in the receipt of checks for back pay in accordance with the new wage schedule.

With the increased pay dating back to May 1, many checks received by trainmen and engineers called for the payment of amounts over \$100. A typical case is cited in the checks received by one engineer who works fifteen days a month. His back pay check, covering the months of May, June and July, was \$194.20, and his regular pay check for two weeks was \$155, making his total salary receipts this month over \$400.

CHICAGO BALL TEAM TRAVELS TO MARION TO CALL ON HARDING

Cubs Play Exhibition Game With Marion Team; Harding in Two Addresses Today

MARION, Ohio, Sept. 2.—Two Don't punch speeches and a conference on the league of nations issue with Senator Knox of Pennsylvania, were features of Senator Harding's engagement schedule today.

Senator Knox, a leader among the senate irreconcilables in the treaty fight, came to talk over the nominee's stand on the league of nations and his proposal for formation of a new international association on the world court principle.

One speech was to a committee representing the National Educational Association, the American Federation of Teachers and the Illinois State Teachers' association.

The other speech was addressed to players of the Chicago National League Baseball club who made a special trip to Marion to call on the nominee and to play an exhibition game. Both the senator and Mrs. Harding are enthusiastic fans, and had front seats at the park where the Cubs and a Marion team were matched.

Traffic for the great American sport and an attack on the league of nations in baseball language were included in the speech prepared by Senator Harding for the visit of the players.

GOVERNOR ASKED TO CERTIFY ACTION OF TENNESSEE HOUSE

NASHVILLE, Tenn., Sept. 2.—The Tennessee house of representatives adopted today, 45 to 36, a motion to furnish the governor with a sworn transcript of the action taken by the house Tuesday in non-concurring in the suffrage amendment resolution. The motion included a request that the governor certify this transcript to the secretary of state at Washington.

WHITES BATTLE NEGROES IN LONGSHOREMEN'S STRIKE
NEW YORK, Sept. 2.—More than 2,000 white and Negro longshoremen engaged in a pitched battle at Pier 50, North river today, which required large police reserves to quell. A number of whites and Negroes were arrested as ring-leaders after several wounded men had been removed to hospitals.

The fight started when 1,000 white longshoremen reported for work at the Southern Pacific Steamship pier and found Negroes unloading a vessel.

SEILER DECLARES STATE FAIR BEST IN THE NORTHWEST

Adolph Seiler, prominent local farmer, returned today from the Wisconsin State Fair at Milwaukee and reported the exhibition to be absolutely the best that has ever been staged in the northwest. "Secretary Oliver E. Remy should be complimented on the 'show' he has arranged for Wisconsin people," said Mr. Seiler today. "I've attended Minnesota fairs for years—and they are 'boomed' as the best in the country—but they are imitations compared to the Badger affair. I only wish that every farmer and every citizen of the state could have been there."

HUNGER STRIKERS NOT ENTITLED TO RITES OF CHURCH SAYS VAUGHAN

LONDON, Sept. 2.—The question has been widely discussed here as to whether it is justifiable to give the last sacrament to hunger strikers, it being maintained by many that, to all intents such strikers were committing suicide. Father Bernard Vaughan, who is famous for his sermons and writings, today made the following statement to the Press association:

"Personally, I should not feel entitled to administer the rites of the church to any one, no matter what his nationality, who was deliberately dying through a hunger strike. But I am free to admit that other theologians, far more learned than I am, would reverse my verdict on the subject."

LENROOT BOOSTS PROJECT FOR AN OCEAN WATERWAY

MILWAUKEE, Sept. 2.—Senator Irvine L. Lenroot, addressing thousands in the grandstand at the state fair on Wednesday, predicted that "the time is not far off when the flags of every nation will fly from the masts of ocean going vessels in our ports on the great lakes," thereby bringing millions of increased prosperity to the people of Wisconsin.

Mr. Lenroot said he was confident that canalization of the St. Lawrence river would become a reality. The occasion at the fair was governor's day. Senator Lenroot and Gov. E. D. Philipp warned farmers against the radical influences, which are trying to gain control of state offices.

RAPIDS NONPARTISAN LEAGUE ON RECORD IN NORTH DAKOTA

William Morgan, Candidate for Attorney General Makes Speech Here

TELLS WHAT ORGANIZATION STANDS FOR IN THE STATE

Real Menace is this Scheme Backed by Townley, He Says

"The Nonpartisan league is a real menace to the people of Wisconsin in this campaign," declared William J. Morgan, candidate for the republican nomination for attorney general, in a speech in the court house park here last night.

Mr. Morgan said the Nonpartisan league in this state has 36 paid organizers, claims a membership of 40,000, and figuring that \$3.50 of the \$18 membership dues which each farmer pays is set aside for propaganda and political purposes, now has a campaign fund of \$380,000 to use in Wisconsin.

"Never before within my memory has Wisconsin faced a situation so critical as the one that confronts us in this primary," he said. "Honest republicans in their own party primary find themselves confronted by an alien organization—the Nonpartisan league. In keeping with this organization's policy of trickery and deceit it has put up a complete slate of candidates for state offices on the republican ticket. It has tagged its candidates with the republican label, though in this campaign they do not represent the principles of the republican party. The thing they do represent was spawned in North Dakota from the fertile brain of A. C. Townley. It has trailed its slimy way across Minnesota and entered Wisconsin while like an anaconda it is engaged in an attempt to swallow the republican party."

"Just as it did in North Dakota in 1917, it comes forward in Wisconsin in 1920 with a plausible platform, but I mean to go behind its pretensions and prove to you by the record of what it has actually done in and to North Dakota, what we may expect of it in Wisconsin, for surely you will agree with me that an organization was more safely judged by its performances than by its promises. I mean to convince you by facts and figures, that it is the most sinister political power we have ever known in this state. I mean to prove to you by indisputable evidence, that its economic program is one of state socialism and I would demonstrate to you by testimony that cannot be impeached that its literature of free love and philosophy of atheism would endanger the moral welfare of our young."

Dangerous Machine

"On the first point I propose to show you that the Nonpartisan league with its one man boss control is the most dangerous political machine that has ever entered Wisconsin politics. You all know that the farmer who joins the league pays \$18 per legislative session for the privilege of belonging to it. Now don't forget where the farmer invests his money his vote will follow. You know perfectly well if you have ever bought any mining stock that turned out to be a fizzle that you would not admit it to be worthless until long after you know in your own heart that you had been stung. So it is with the man who joins the Nonpartisan league. It is hard for him to admit that he had been taken in for an easy mark."

"Now out of the \$18, \$6 goes to the local organizer that gets the farmers in; \$2.50 goes to the Nonpartisan league newspaper, leaving \$9.50 to be used in political activities and to pay the higher-ups of the Townley crowd. Who pull down the good jobs in the Nonpartisan league? Farmers? Not much. The men who have money are the real red-necked men, socialists of the extreme radical type. Not the conservative socialists that we know in Milwaukee. Manifestly they have built up a great money power and they are the real left-wing fellows. The farmers have nothing to say in determining its policies. Why, in Dakota they have brought their propaganda from all over the country, even from Australia to fill the money jobs in the Nonpartisan league organization. Here in Wisconsin Senator Zammach is at the head of the Nonpartisan league organization. What is his business? He gives it in the legislative register as 'organizer.' In North Dakota a great many of these imported socialists were put up as candidates for the legislature by the Nonpartisan league and are called 'state socialists' and you may be sure that the master that these men serve is A. C. Townley and his close associates who have built up a tremendous political machine they call the Nonpartisan league. Do you want an army of carpet baggers, red flag followers from the outside, brought into Wisconsin to live off our people?"

Many Organizations
"But the Nonpartisan league hasn't stopped with one organization—Townley has formed a lot of subsidiary organizations to deal with the wage and price issue so that he can make a tremendous profit out of each transaction. Some of these organizations are the Consumers United Stores and the League Exchanges, and the Publishers National Service Bureau, which publishes their propaganda. 'No one who is the scheme of the Consumers United Stores company? Just this—They sell a certificate to the farmer for \$100 and by the terms of the certificate the farmer is to be paid \$100 if the terms of the certificate are not met. (Continued on page six)

ALLIANCE WITH SOVIET REFUSED BY GERMANY DECLARES DR. SIMONS

BERLIN, Sept. 1.—By The Associated Press.—Doctor Walter Simons, the foreign minister, addressing the reichstag foreign affairs committee today, declared he had been urged to collaborate with the Russian bolsheviks against the western powers as a means of breaking the bonds imposed by the treaty of Versailles, but that after mature reflection he had rejected this course.

"If we had followed these exhortations," said the foreign minister, "Germany would immediately have become a theater of war. Furthermore, the disastrous consequences which bolshevism might be expected to bring with it would have fallen with double force upon Germany."

Dr. Simons said proposals have been made that Germany co-operate with the western powers against Russia, which he considered an equally impossible course.

"No power at war with soviet Russia," the foreign minister added, "need count on our support."

BOLSHEVIK FORCES REPORTED RETIRING IN LEMBERG REGION

Budenny's Cavalry Annihilated Says Official Statement of Pole Government

POLISH PEACE DELEGATES RECALLED FROM MINSK

Armenia Refuses Permission to Hold Parley There

WARSAW, Sept. 2.—Negotiations for joint operation by Polish and South Russian forces are going on between the government here and General Wrangel. Co-operation between the Poles and Ukrainians is declared to be a grave menace to the bolsheviks.

LONDON, Sept. 2.—The Russian soviet forces endeavoring to encircle Lemberg have retired to the eastward under Polish pressure, says the soviet official statement of Wednesday. Some successes for the soviet troops are reported on the center of the fighting front.

Cavalry Force Wiped Out

WARSAW, Sept. 2.—The bolshevik army of General Budenny, noted cavalry leader, was annihilated during the operations in the Lemberg sector which began August 29 and ended September 1, says the Polish official statement on military operations issued today.

The bolshevik lost heavily in killed and wounded, adds the statement, the Poles capturing thousands of prisoners, 16 guns and enormous quantities of material.

Besides announcing victory of the Poles over Budenny in the Zamosz battle, the communistic reports successes along the entire center and southern fronts, where the Russians were beaten in the fighting.

Peace Delegates Recalled

WARSAW, Sept. 2.—(By The Associated Press).—The members of the Polish peace delegation remaining in Minsk have been recalled to Warsaw. They will leave Minsk Friday and are expected here Saturday, joining the delegates already in Warsaw. The Polish representatives will then proceed to Riga or any other neutral place selected for the continuation of the Russo-Polish peace conference.

Can't Hold Parley in Armenia

WASHINGTON, Sept. 2.—The Armenian government has refused request of the bolsheviks for transfer of the peace negotiations from Moscow to Armenia, it was learned today. The Armenian premier declared the bolsheviks had so interfered with the communications of the Armenian delegation and their home government that the government did not know to what extent the negotiations had gone or what suggestions had been made looking toward peace.

ROOSEVELT ON TOUR

KITTERY, Maine, Sept. 2.—Franklin D. Roosevelt, the democratic candidate for vice-president, began today a three-day speaking tour of Maine in connection with the state campaign.

FARMER HAUGE LANDS MELON PATCH BANDITS AFTER THRILLING CHASE

LOUIS LEVITSKY, Peter Novak and Wilbur Hanson, aged 21, 21 and 18, yesterday pleaded guilty to robbing a melon patch belonging to Carl Hauge, town of Campbell farmer, and paid fines totalling \$22.26 each.

Hauge had been minus melons every morning since the patch was fit to pluck. Last night he went to sleep with "one ear open" to wait for the marauders.

He heard a noise.

Arising he stopped only to draw a coat over his pajama clad figure.

He stole towards the patch. He stepped on an onion. There was a noise and the melon hunters fled.

Undaunted, he pursued them down the road and captured them at Medary.

He loaded them into a car and brought them to the county jail.

"Jim" Lang, turnkey there, sleepily informed him he couldn't house them.

He let them go.

Bright and early yesterday he got out warrants for their arrest.

In court yesterday the three sheepishly admitted their guilt and paid their fines.

"Talk about your high cost of living," said Novak as he was leaving the court room, "that's the limit. Four dollars and twenty-five cents apiece for melons and we never even got a bite out of them."

All of the three are working in La Crosse.

MOORE TO PRESENT PROOFS OF COX'S CAMPAIGN CHARGES

Manager Has Data on Which Governor Based Charge of 15 Million G. O. P. Fund

POINDEXTER ON STAND TO TELL OF SENATE CAMPAIGN

G. O. P. Fund Too Large Says Washington Senator

CHICAGO, Sept. 2.—The senate committee investigating campaign expenditures adjourned shortly after noon without having heard Edmund Moore, of Ohio, Governor Cox's personal representative. Chairman Kenyon announced that the committee would meet in Chicago next Tuesday, September 7, to hear Moore and other witnesses.

Mr. Moore told newspaper men that he was prepared to prove that the republican leaders announced publicly last January that they expected to raise a \$16,000,000 campaign fund. "They have changed Lincoln's aphorism from 'a government by the people' to 'a government buy the people,'" Mr. Moore said.

CHICAGO, Sept. 2.—Members of the senate committee investigating campaign expenditures and contributions today expected to receive the data on which Governor Cox based his charges that the republicans were raising a \$15,000,000 campaign fund. E. H. Moore of Youngstown, Ohio, Cox's personal manager, was expected to have with him documents furnished by Governor Cox according to word received by the committee.

One of the other witnesses the committee expects to call today is Senator Pat Harrison, chairman of the democratic speakers' bureau.

Miles J. Poindexter of Washington, chairman of the republican senatorial committee, told the investigators that the \$3,000,000 which his committee sent E. O. Weller, republican candidate for the senate from Maryland, was not an example of the general practice of the committee.

"There is no fixed rule of system by which candidates are helped," explained Senator Poindexter. "We supply funds for campaign activities upon which we have agreed with the candidate or his campaign organization."

Senator Kenyon brought out that the senatorial committee had an arrangement by which the former's maximum campaign fund of \$200,000 was guaranteed by the national committee. In return all moneys collected by the senatorial committee are turned back to the national treasury of the party, Senator Poindexter said.

Senator Pomeroy had the witness state that the \$200,000 if divided equally among the thirty-two states in which senatorial elections are to be held this fall would average \$6,250 to the state and then called attention to the federal statute limiting campaign expenses of a senatorial candidate to \$10,000 except in states where a lower limit had been set by statute. He agreed with Senator Pomeroy that organizations within the states probably would spend some money of their own.

Sensors Reed and Poindexter agreed that there had been some moral improvement in politics in the last eight years, the former assigning as the reason that "the courts have been in action in some cases."

"Would you regard the existence of a campaign fund of \$15,000,000 as a menace?" asked Senator Reed.

"I would," said the witness, and added that a fund of \$5,000,000 would be "an abuse."

"How about a fund of \$4,500,000?" was the next question from Senator Reed.

"That is too large in my personal opinion," replied Senator Poindexter.

Sensor Kenyon referred to the democratic expense of \$2,300,000 in 1916 and the probable doubling of costs since and then obtained from Senator Poindexter a promise that he would let the committee know "anything he found out about that \$15,000,000."

Herman E. Henke, treasurer of the National Young Men's republican league, followed Senator Poindexter on the stand.

Mr. Henke said his organization had raised approximately \$1,900 in \$25 contributions from honorary vice-presidents. The league hoped to have about \$100,000 to spend in 20 states, he said.

GOVERNOR COX OFF TONIGHT FOR SWING AROUND THE WEST

Manager at Chicago to Give Committee Data to Substantiate Candidate's Charges

COLEMBUS, Ohio, Sept. 2.—With E. H. Moore, Governor Cox's pre-convention manager, in Chicago ready to furnish the senate sub-committee investigating campaign expenditures with alleged documentary data, in order to back up the democratic presidential candidate's charge of a \$15,000,000 campaign fund being raised by the republicans, the governor himself was working today to clear up accumulated state business before starting on his swing through the west this evening.

In announcing he would represent Governor Cox personally at the campaign finance investigation, Mr. Moore asserted he was taking documents and other data that would back up the governor's charges.

Mr. Moore declared that if Treasurer Upham had told the truth in giving the republican campaign financial figures, there is another campaign fund in existence and that he intends to find it.

Governor Cox's departure tonight on his "swing around the circle" in the west will take him into twenty-two states before he returns to Dayton, October 4. His itinerary calls for sixty-seven extended addresses, an average of two daily, not including innumerable rear platform and other minor speeches.

The governor's tour opens Friday in Michigan. On Saturday the governor will speak at Milwaukee, spend Sunday at Chicago, and Monday, Labor day, in the Twin cities, making his principal address there at the Minnesota State fair.

While Governor Cox is west, his running-mate, Franklin D. Roosevelt, will be speaking in the east. Both candidates will close their campaigns in their home states Saturday, October 30.

U. S. PUBLIC DEBT INCREASED OVER A MILLION IN AUGUST

Advance Credited to Payment of Funds to Railroads Under Guarantee Clause

WASHINGTON, Sept. 2.—Federal guarantee of railroad earnings resulted in an increase in the public debt of \$1,017,553,000 during August, according to treasury figures issued today showing the nation's gross debt to be \$24,324,672,000.

Treasury records charge the increase in the public debt to an issue of certificates of indebtedness offered August 16, sold to cover payment to the railroads under the guarantee provisions of the transportation act.

Advances in the carriers against probable deficits during the month were paid by treasury officials to have reached nearly \$160,000,000 and on this basis they figured there would have been a slight reduction in the public debt had not the earnings guarantee been in effect.

Payments to the roads in August do not correctly indicate the amount to which they will be entitled when a final accounting for the six-months period over which the guarantee extended is made, it was added. As a result the drain on the treasury probably will continue for several months, but officials believed it would be possible to clear up all transactions with the railroads with the exception of the revolving fund by the opening of the new year.

The figures made public today show redemption of approximately \$2,500,000 in Liberty bonds during the last thirty days, about \$1,500,000 of which were of the third loan.

FRIENDLY RELATIONS WITH OTHER NATIONS SOUGHT BY MEXICO

MEXICO CITY, Sept. 2.—Cultivation of friendly relations with all foreign countries and creation of confidence that Mexico is anxious and capable of fulfilling her international obligations is the government's policy in international affairs, said Provisional President De La Huerta in his message to congress today.

He gave as examples of the relation between Mexico and United States, mutual extradition proceedings by the two countries and compliance by the United States with the Mexican government that airplane flights over Mexican territory be forbidden.

"Despite difficulties," the message added, "the government's efforts to protect the lives and interests of foreigners have produced good results, and the government will continue putting forth every effort to give foreigners full guarantees."

FOUR PRESIDENTIAL CANDIDATES TO TALK AT MINNESOTA FAIR

ST. PAUL, Minn., Sept. 2.—Four presidential candidates will speak at the Minnesota State fair next week. It was announced today. They are Governor Cox, democrat; Senator Harding, republican; Aaron S. Watkins, prohibition, and Parley P. Christensen, farmer-labor.

The fair ground speeches are scheduled as follows:

Cox, September 6; Harding, September 8; Watkins September 9, and Christensen September 10.

COMMERCIAL TREATY NEGOTIATED BETWEEN FRANCE AND HUNGARY

PARIS, Sept. 2.—Signature of a treaty between France and Hungary, relative to commerce between the two countries is announced by the Matin. Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce SLEEP, and a FEW DROPS TOO MANY will produce DEATH. FROM WHICH THERE IS NO WAKING. Many are the children who have been killed, or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know what it is composed of. **CASTORIA DOES NOT CONTAIN NARCOTICS**, if it bears the signature of Chas. "The will of the people shall be the Law of the land"---LA FOLLETTE

THE PROFITEERS AND PATRIOTEERS MUST GO

The Anti-Saloon League of Wisconsin has become a mere subsidized agent of Rockefeller and big business. It answers the same purpose as the notorious American Security League. The leaders are for Lenroot and Wilcox. Covertly and cunningly they whisper falsehood and slanders against honest men. They violate the spirit, if not the letter, of the corrupt practices act.

The Profiteers and Patrioteers are for Lenroot and Wilcox.

The plain people must unite to clean out these "powers that prey." Why throw away your vote on candidates who have no chance to win?

Thompson and Blaine and the whole progressive ticket are against the profiteers and patrioteers. They are fair minded men—they favor your constitutional liberties. They are for the repeal of the Espionage laws.

The fight in the primaries centers between Thompson, Blaine and the rest of the progressive Republican ticket on the one hand and Lenroot and Wilcox representing bad business, on the other hand.

United we cannot fail.

A nomination at the primary on the Republican ticket means an election in November.

Now is the time to make your choice between a government for the people and a government for the profiteers.

Sixty-five percent of the wealth of this country is owned by two percent of the people. This is dead wrong. But shall two percent of the people control our politics as well? Seventy million of our people do not own their homes.

Lenroot voted increased rates to railroads owned and controlled by Rockefeller, Morgan and the Wall Street gamblers amounting to fifteen hundred million dollars a year. The platform upon which Lenroot and Wilcox stand indorses this imposition on the people—a tax of \$1.00 a day on each family of five. Think of the price of coal!

Will you stand for that?

If not, you must vote against these men at the primaries September 7th.

Women may vote as well as men.

Men and women! Now is the time to protest to the nation against the burdens heaped upon you. Now is your opportunity to speak with no fear of the Espionage law.

Much money is being spent to corrupt and mislead the voters. Where does it come from?

Men and women of Wisconsin! You know your rights and how to obtain them. The ballot is the only weapon you have.

VOTE September 7th, 1920, for the progressive Republican ticket. Cut out this ticket and take it with you to the polls to aid you in marking your ballot.

GLORY, HONOR AND PEACE

GLORY, honor and peace, to every man that worketh good.—Romans 2: 10. That our God would fulfill all the good pleasure of His goodness, and the work of faith and power.—11 Thessalonians 1: 11.

LENROOT'S RECORD

THE personal side of the anti-Lenroot campaign inaugurated by La Follette may be shown by the fact that of the nineteen Lenroot votes recorded by La Follette as adverse to the public interest, eleven were cast in opposition to measures introduced by La Follette. Eight of the votes were against amendments to the league of nations, of which seven were amendments offered by La Follette. These amendments were generally good in principle, but were so far outside the present realm of practical politics that could we realize them after 100 years participation in the league, history would write ours a great part in world reorganization on a peace basis. Three of the "adverse votes" were cast by Lenroot for war measures, and therefore to discuss their merits is unnecessary. Two were cast by Lenroot for the league of nations with the Lodge amendments. On this we're for Lenroot as against La Follette's position. One was cast against the La Follette railway bill providing for two more years of government operation to test its value under peace conditions. We favored the La Follette substitute and vigorously supported it. One "adverse vote" was cast by Lenroot for the Esch-Cummins law. It is undoubtedly the best private ownership railroad bill ever given the country. Lenroot's vote on La Follette's amendments to the Oil Leasing bill will be taken up in a separate editorial. The Congressional Record of the Sixty-sixth Congress, Vol. 58, No. 86, Page 5032, covers the point. People interested in this campaign will find no more interesting and instructive reading than this debate affords.

We do not expect a senator or congressman to come to a 100 percent agreement with our views. The best we have a right to expect of any man is that he will be honest, and give us a high average of public service. On the Lenroot votes recorded by La Follette as "adverse" to the public interest, we believe that the average open-minded and studious citizen will hold with Lenroot and against La Follette in a majority of instances. Lenroot's policy is to recognize insurmountable obstacles, and to get the best he can from congress as it is organized. La Follette prefers getting nothing at all to making any sort of a compromise. We enjoy La Follette's way the better, but we doubt that it makes as much for progress. Civilization advances by the give and take of opposing forces. Its progress has been largely a world-long series of compromises. Something had to be done after the war. La Follette stood against everything that was offered by the majority, and got nothing. Perhaps he got some issues against the republican party to use in his forthcoming new party, but he got nothing for the country's present needs. Lenroot made the best headway he could, and helped to get some very good laws—not perfect, but distinct gains over old conditions. Such a man may prove more useful to Wisconsin and to the nation than he who hitches his chariot to a star and displays "No!" for a tail-light.

KILLING THEM

THE clock ticks thirty minutes—and a man is killed through auto accident.
It ticks for another thirty minutes—and another person is killed.
And so it goes, hour in and hour out of the twenty-four, day in and day out of the seven, month in and month out of the twelve—every thirty minutes someone is killed in this country through automobile accidents. The grand total is over 15,000 deaths a year.

These were facts brought out at a recent meeting of the National Safety Council in Atlantic City. It is a bad record. It is an astonishing record. And something ought to be done about it, no doubt. With almost ten million autos in use and the number growing, the chances are that accidents will not be fewer.

It behooves both the pedestrian and the driver of a motor car to take care, to be doubly

careful. "Watch your step" is sound logic for walkers. "Be always on guard, and your car under perfect control," is good advice for chauffeurs. Each might figure that the other is a consummate fool—just as a safety factor.

THE SUBSTITUTE LEAGUE

SENATOR HARDING proposes a substitute for the league of nations. Doubtless it is the Root substitute. Root has been in Europe conferring with the national leaders about how to remodel the league as a republican instrument without destroying its efficiency or affronting the member nations.

Senator Harding, in presenting the substitute, says, "The idea I offer is not new". He then refers to The Hague Tribunal.

The senator might be reminded that we had The Hague, and we had the war.

Referring to the assertion of the democrats that The Hague Tribunal is useless because "it has no teeth", Harding suggests that the thing to do is to "put teeth in it".

Perhaps he means to put into The Hague the teeth which the republican senators have spent over a year in pulling out of the league.

Of course, all talk of "a judicial body" as opposed to "a political machine" duly discounted, that is what will have to be done with The Hague to make it effective. As it stands it is a court without the power to penalize, and without police to enforce its decrees. There were courts in Boston during the police strike, but as soon as the officers quit work the citizens were burglarized right and left.

We have confidence in Root. He stood pretty square with the league while the senators were battering it into kindling wood. We credit him with the common sense statesmanship which must see that international peace must be instituted and maintained by the methods which have established and maintained national peace. Probably he values "national sovereignty" on a par with that individual sovereignty which it translates into statehood, and understands that we have invaded individual sovereignty to the extent of making the citizen keep the peace. We assume that by whatever process he has secured European co-operation in saving the face of his party, though it change the league in name and form and procedure, it will contain the authority and the instrumentalities which were fundamental in the league.

The Cubs were chosen to play an exhibition game at Marion. Harding may be against the league of nations but he's for the National league.

Our Dogs

THE POINTER
FLORIO MERRILL
Many dogs are just pots, but some of use earn a place in life and die in the harness. You will find Pointers among the workers.
Our noses are alert; we are quivering with excitement, and long for the fun of a hunting trip. The instant we catch a whiff of the bird we are off. Sometimes it is the wind, which brings us the scent, or we may pick it up from the earth where the bird has run through the field. We fairly skim the ground, in our haste to locate the partridge or quail as they hide in the grass or brush.
The instant we discover their where, abouts we point, which means that we stand like statues with our noses in the direction of the hiding birds. By this act of pointing, which gives us our names, we warn the men that game is just ahead. As the birds rise

in frightened flight the men fire. Real lovers of the sport do not shoot until the birds are well in the air.
We Pointers are an ancient race of dogs, originally coming from Spain. We have been an especial favorite with the Englishman, and he has improved and trained us until we are the most popular bird dogs. Of course it is the thoroughbred and carefully "broken in" Pointer which makes the best shooting companion.
Our sensitive noses and natural love for the sport are inherited from many generations of hunting dogs. Even mongrels, with just a dash of Pointer blood, will frequently sniff the air, and point in a feeble, ignorant fashion. Those of us, however, who inherit the qualities of our ancestors and attend strictly to business in the hunting field win real fame and distinction among sportsmen.

PACKING UP
FRANCIS ROLFE-WHEELER
This being the last Thursday of the Camp, no one was surprised when the order was given that it should be devoted to camp packing. And it was a wonderful thing to see how quickly a whole summer camp could be dismantled and put in order when every detail had been worked out in advance, as for an army.
At 9 o'clock in the morning, everything was in full swing, by noon everything was dismantled, while a score of the fellows were at work making and repairing boxes, and by six o'clock in the evening, everything belonging to the camp except what would be needed

for the following morning's breakfast was stowed away.
A large pot of black paint and a good sized paint brush figured largely. As each item went into a box, a boy appointed as checker, made a list. Then
"Box full!" he would shout.
Along came one with a hammer nails saw and odd lengths of board, and the top would be on in a jiffy.
"Hey, Tar-Baby!" he would then shout, and along would come the painter, who painted on the top of each box every item on the list. In that way, nothing would be lost or mislaid and it would not be necessary to open more than one box, at any time, to find a given article.

Since there were plenty of hands for the work, the packing in which many had looked forward with greed, became not only easy, but a lot of fun. The evening and following morning were given to private packing and the putting away of all things which had been needed for the last night.

RESCUE MISSION ANNIVERSARY IS A HAPPY EVENT

Tenth Anniversary of Superintendent Dewey Observed
With Special Meeting

Friends and supporters of the La Crosse Rescue Mission gathered at the hall last night for the celebration of the tenth anniversary of the organization under the direction and supervision of D. C. Dewey.

Prior to the business meeting, called for the purpose of electing new members to the board of directors, Mr. Dewey gave a short talk in which he related the humble beginnings of the mission in a building rented at 113 North Third street, moving from there to another location in Third street after five months. Finding that the building and conditions of that site were not suitable to the work, the mission rented a building at 325 Jay street with just a hall and basement, where the work was carried on until the organization received the backing of prominent business men in the city, when they purchased the building at 213 Pearl street where the Mission is now located. Success of the La Crosse Rescue Mission has been directly attributed to Mr. Dewey, having built up an attendance in the Sunday school from two at the beginning, to the present forty to sixty in attendance every Sunday, which is but one accomplishment marking its success in the past decade.

Following the talk, G. H. Gordon took charge of the meeting for the purpose of electing the members of the board of directors whose terms expired last night. H. K. Holley nominated the following men who were elected to serve as the board of directors for the coming year: Peter Valter, L. H. Martin, F. W. Sisson, W. E. Goodrich, G. H. Gordon, Dr. Cody, W. E. Walker, A. J. Eberhart, George Krause and T. J. Iverson. With the exception of Eberhart, Krause and Iverson, who were elected to replace Rev. Panzlow, Lee Staats and Carl Schaefer, the new board of directors is the same as last year.

England had the Saturday half-holiday as early as the 13th century.

Massachusetts Senator Defends His Stand on the German Treaty of Peace

CONCORD, N. H., Sept. 2.—Senator Harry Cabot Lodge, speaking here today before the Merrimack county republican club, accused the democratic party of "unlimited misrepresentation of well-known facts" in its platform reference to alleged inconsistencies in his attitude on the making of peace with Germany.

"I am charged with inconsistency," said Senator Lodge, "because in an address I disapproved of deserting our allies and making a separate peace in the midst of the war and yet was willing to make a separate peace with Germany two years and a half after that speech was made and when all our allies had left us and had themselves made peace with Germany. I was right on both occasions and entirely consistent."

The senator added that what was important was not the question of his personal consistency, but that one of the two great parties should have begun the campaign with misrepresentation.

"I think I am safe in saying," he continued, "that never before has the declaration of the principles of a great national party carried an attack on any individual member of the opposite party. But the democrats at San Francisco selected me by name for a subject of attack in an effort apparently to prove that I had been inconsistent."

At The Theatres

AT THE THEATRE TODAY
La Crosse—Will Rogers in "Yes Call Me Jim."
Majestic—Enid Bennett in "The False Road."
Bijou—Madge Kennedy in "The Truth."
Crosby—Mae Murray in "The Delicious Little Devil."
Strand—A Modern Lorelei. All Star Casino—Charlotte Walker in "Eve In Exile."

LA CROSSE
The homeliest man in the movies, Will Rogers, is at the La Crosse for the last half of the week in his latest comedy sensation, "Yes Call Me Jim." Mr. Rogers is one actor that hasn't big blue eyes and a baby stare, but is real and intensely human. He lives his parts.

In this picture he has a part that is as well suited to his personality as the flannel shirt and the coonskin cap he wears. As Jim Fenton, the simple, rugged woodsman, he is a character you can never forget. His bashful conquest of the pretty milliner, his simple code of honor, his loyalty to a friend, and above all, his delightful humor, is reflected in this picture that they say is even better than "Fubilo" and "The Strange Boarder."

The story is adapted from the novel, "Seven Oaks," by J. D. Holland, and the supporting cast Irene Rich, Lionel Belmore, Raymond Hatton and his son Little Jimmie Rogers.

CASINO
For one day only the Casino will play Mae Murray in "The Delicious Little Devil." The story is a romance of a chorus girl, who was known as "The Delicious Little Devil." The story is full of pep and the thrills are mixed to give good measure. A Lyons and Moran comedy completes the bill.

BIJOU
Captivating Madge Kennedy is appearing at the Bijou in a screen adaptation of Clyde Fitch's celebrated play "The Truth." The story is all about a girl who simply couldn't tell the truth no matter how hard she would try. She would tell one lie and then tell half a dozen others to cover that first one up. The trouble that her lying brings on herself and her friends keeps the audience in continuous laughter. It is one of the best comedies of its kind seen here this season. "Jerry's Roundup," a George Ovey comedy, completes the bill.

ing brings on herself and her friends keeps the audience in continuous laughter. It is one of the best comedies of its kind seen here this season. "Jerry's Roundup," a George Ovey comedy, completes the bill.

MAJESTIC
The last few pictures made by Enid Bennett have demonstrated the pretty star's versatility. In "The False Road" that plays the Majestic the last half of the week she is cast as a pretty girl crook, a member of a New York gang of "sick articles," which gives her a chance to play an entirely new character, which she does with apparent ease.

She goes to Sing Sing to meet her sweetheart, who has just been released, after serving a two year term, and is amazed when he tells her that he is going straight. After some exciting adventures she, too, sees the light and they are made happy together. Lloyd Hughes plays the leading male role and the supporting cast is excellent. It's a Thomas Ince production.

STRAND
Not much can be said of "A Modern Lorelei," starring Tyrone Power, that plays at the Strand today, that has not already been said. It is something new in pictures and is entirely different than the usual run. Also

featured in the picture is Mabel Jones, California's diving Venus, assisted by her bathing girl ballet. Remarkable aquatic feats are one of the features of the picture and people will marvel at the extreme clearness of the picture during these scenes. A Mack Swain comedy, "Ambrose's Rapid Rise," completes the bill.

RIALTO
A gripping story of three men who loved the same woman—one a poet, one a brute, one a man of the world—each reacting a different way to his passion. One it consumes, one it inspires, one it moves to renunciation. This is the plot of "Eve In Exile," starring Charlotte Walker at the Rialto today.

It is an entrancing story, full of magic that Cosmo Hamilton knows so well how to capture. The supporting cast is excellent, including Mcbourne McDowell, Thomas Santeshi, Wheeler Oakman, Violet Palmer and other favorites of the screen world. Superbly directed and lavishly produced, it's a perfect picture.

MISS EDA CAPELLEN BECOMES THE BRIDE OF EDWARD BABCOCK

A most attractive home wedding was solemnized last evening at the residence of Mr. and Mrs. Peter H. Capellen, 1530 Main street, when they gave their only daughter, Eda Capellen, in marriage to Mr. Edward A. Babcock of Madison. The bride was attended by Miss Gladys Pammel as bridesmaid. Mr. Fred A. Cummings of Madison was the best man, and little Miss Margaret Gannan was the flower girl.

At half past seven, with Holcomb's orchestra playing Mendelssohn's Wedding March, the bride and groom, preceded by the bridesmaid and best man, entered the church. The bride wore a gown of white tulle, with a long train, and carried a large bouquet of white roses. The ceremony was performed by Rev. Father William White, and the wedding vows were exchanged. The bride and groom were then seated at the head of the table, and the reception was held in the dining room.

The wedding was a most attractive affair, and the guests were entertained with a sumptuous dinner. The bride and groom were then seated at the head of the table, and the reception was held in the dining room.

GOOD ROADS MEN TAKES MOVIES OF BADGER SCENERY

Photographs and Motion Pictures Along Mississippi and in Lake Region are Secured

MADISON, Sept. 2.—Bronzed, sun-burnt, a little tired, but enthusiastic over the scenery of Wisconsin, W. O. Hotchkiss, State Geologist, E. A. O. Hotchkiss, executive secretary of the Good Roads Association of Wisconsin, J. T. Donaghy, Maintenance Engineer of the Wisconsin Highway Commission, and C. M. Tuttle, University photographer, have just returned to Madison after a 2500 mile trip taken to make photographs and movies of the scenery of Wisconsin.

They made over 400 photographs and movies of the striking scenic spots, and they feel that they have only made a beginning. The feature of the trip was that, while they left Madison supposedly fully equipped with plates and films for their work, they ran short of them on two occasions and had to wire Madison for a further supply.

The work in Eastern Wisconsin has not yet been completed and will be done later. The state was covered from Prairie du Chien on the Mississippi to Superior, across to Iron Mountain, Michigan, through the lake region of Upper Wisconsin. The pictures include most of the striking scenic spots in the state, views of the bluffs, and Trempealeau Mountain, the Mississippi River scenery taken from a launch, and odd rock formations in southwestern Wisconsin. Numerous waterfalls in Upper Wisconsin beginning with the falls of the Black River south of Superior with their 180 foot drop, over to Quinnesau Falls in Marinette county, were pictured in movies and still views. The party also took in the lake region of Oneida, Vilas and Forest Counties where photos and movies were taken at Three Lakes, Eagle River and Minocqua.

An unusual spot visited was the largest piece of standing white pine in Wisconsin near Brinnmont. A day was spent on the Apostle Islands on Lake Superior.

Slides will be made from the still

CRICKETS EAT BINDER TWINE AND HOLD UP HARVEST WORK

RUSHFORD, Minn. — Much trouble and inconvenience is being experienced by farmers around here because of the destruction by crickets, of the twine used in binding the grain bundles. The insects eat the twine totally, in many instances; in others, part is eaten. The work of loading the grain for stacking is greatly hindered by the work of the pests and so far no way of stopping their ravages has been found. Some farmers who followed the advice of farm journals and soaked the twine in a poisonous solution before using, seem to have had almost as much trouble as those who did not do it.

views and these in connection with the movies will be shown throughout the state and in surrounding states by the Good Roads Association of Wisconsin. They will also be utilized for illustrated magazines and other articles and propaganda telling story of the beauties of Wisconsin.

FINE FEATURES IN THE NORMAL LECTURE COURSE

Real Artists Scheduled to be Heard in La Crosse During the Winter

The normal lecture committee opens one of the most expensive courses in its history with a recital by the very talented and promising soprano soloist—Miss Myrna Sharlow. Those who were so fortunate as to hear Miss Frances Ingram's exquisite recital last year may expect something even more brilliant from this young vocalist. Miss Sharlow has proved her quality by filling engagements with the Chicago Opera company, the Boston Opera company, the Royal Opera company, London, and the Anglo-American Opera, Paris. She is rapidly making her way to a position from which, for financial reasons, it will soon be impossible to attract her for an engagement in La Crosse. Meanwhile we may enjoy a voice of the rarest quality.

The other musical number of the course is the Trio Aeolienne, comprising three eminent musicians: Richard Czerwony, violin; Bruno Steinidel, cello, and M. Boguslawski, piano. Of Czerwony the music lovers of this city can never hear too much. Bruno Steinidel's name is familiar to everyone who knows good music, and his art is hardly excelled by any other player of the cello. M. Boguslawski at the piano is a fitting partner for the others, having achieved fame by virtue of his talent.

The leading lecture of the course will be delivered by the English poet and dramatist, John Drinkwater. He is best known in America on account of his play, "Abraham Lincoln," which created a sensation in England when first presented and which was no less successful in its New York run of last season. Mr. Drinkwater's reputation, however, does not rest solely upon this one unique achievement. His poems and essays entitle him to rank among the leading literary men of the English-speaking world.

Every patriot who knows him loves Judge Landis and we are assured that his brother, Hon. Frederick Landis, has many of the strong qualities that mark the eminent jurist as a publicist and a platform speaker. In fact the brother has attained such prominence as an orator that the lecture course has seldom, if ever, presented a speaker concerning whom there can be more certainty that his message will be both worth while and most interestingly presented.

The fifth number of the course is a reading by Prof. Ralph Dennis, who lectured here last year upon his Russian experiences. Prof. Dennis as director of the school of oratory, Northwestern university, stands in the front rank as a dramatic reader. His sim-

ple, virile style is both sane and appealing.

This course, planned to meet the needs of those who must be careful in their expenditures for entertainments, merits the support of all who desire the best in quality.

FAREWELL EXCURSIONS

of the season will be a 35c bargain trip to Winona and a Moonlight Dancing trip on the "Capitol" Thursday, Sept. 9.

COTTON CROP IMPROVES

WASHINGTON, Sept. 2.—Continued improvement in the cotton crop through August, amounting to an increase of more than a quarter of a million bales in a month, was announced today by the Department of Agriculture in its forecast of a total production of 12,788,000 bales, based on August 25 conditions.

THE STR. G. W. HILL

Will take you to Winona Friday, Sept. 10th, for only 35c and on the moonlight dance. These bargain trips are given in consideration of the liberal patronage received from our friends in La Crosse the past season.

HOWATT DENIED RE-HEARING

TOPEKA, Kan., Sept. 2.—The Kansas Supreme court today denied the application of Alexander Howatt, chief of the Kansas Coal Miners, for a re-hearing in the contempt of court proceedings appealed by him from Crawford county. Howatt's attorneys

announced their intention of appealing to the United States Supreme court.

Howatt was adjudged in contempt of court for refusal to respond to a subpoena to appear as a witness before the state Court of Industrial Relations.

There's always room at the top

for Highest Possible Quality at Lowest Possible Price

AFTER smoking your first Spur, you might say "just right," "immense" or "great"—means the same thing. Means: "There was room at the top for a cigarette that can refresh a tired and much tried taste. And Spur's that cigarette."

In the new Spur blend you find:

The richness of the full bodied Oriental leaf tempered by the mildness and fragrance of Burley and other choice home-grown tobaccos. It's a happy blend that brings out to the full that good tobacco taste.

And what's more! Satiny imported paper, crimped, not pasted—makes an easier-drawing, slower-burning cigarette. A mighty neat "brown and silver" package, with triple wrapping, keeps Spurs fresh and fragrant. Just smoke a Spur and see.

DEMPSEY DECLARES HE IS READY TO STEP TEN ROUNDS

Boxers Enter Final Three Days Training Period Before Bout Monday

BENTON HARBOR, Mich., Sept. 2.—Jack Dempsey, world's heavyweight champion, and Billy Miske, St. Paul challenger for the title, today entered on the final three days' training in preparation for their ten-round heavy-weight championship contest here next Monday afternoon.

Dempsey plans to gradually cut down his work with the gloves and probably will only go six rounds this afternoon. Miske will start to taper off in his training, finishing up Saturday.

Hotels are crowded and boarding houses are quickly filling up. The town folks are beginning to wonder where they are going to find the visitors. There will be plenty of sleeping accommodations as private homes will be thrown open.

Dempsey declared today he was satisfied with his condition and he felt better, than he did at Toledo a year ago.

"I know I am ready to step the full ten rounds at top speed," the champion said. "But I don't think it will go that long. I made up my mind yesterday to let myself out to satisfy myself that I was right. When I finished I didn't feel a bit tired and my mind was good."

Miske had recovered today from a combination of circumstances which forced him to curtail his workout yesterday. The challenger topped off a chicken dinner at a private home with a belting dish of pie and apples, which overloaded his stomach.

TEN ROUND SET-TO-ARRANGED BETWEEN RAPINA AND BRONDEL

Rock Island and Davenport Boxers Head Fight Bill Staged at Bloomington

BLOOMINGTON, Wis., Sept. 2.—Kid Rapina of Rock Island, Ill., will meet Fighting Brondel of Davenport, Iowa, for ten three-minute rounds as the main bout of the biggest fight program ever staged in this section of the middle west on September 9, in this city. Back Timothy of Davenport, Iowa, will mix mitts with Jimmy Murphy of Dubuque, Iowa, for the semi-windup of eight rounds, and a fast preliminary of championship class will be staged between Kid Britt of Madison, Wis., and Battling Morgan of St. Louis, Mo.

Accommodations for one of the largest crowds that ever attended an out of doors event at Bloomington, are being made by the Bloomington Fair association for the fights which will be held at the Bloomington Fair grounds Thursday evening. Lighting arrangements will be so that the ring will be as brightly illuminated as daylight and the seats will be placed so that every spectator will have a clear and unobstructed view of the arena.

The main bout should be a real fight from the tap of the gong in the first round until the end of the tenth or until either Rapina or Brondel goes down for the count. Both fighters are touted as being the best the Tricities have produced in that class and are fast fighters and heavy hitters. Brondel has a punch like Jack Dempsey, coupled with about ten years of ring experience. He knows the fight game thoroughly and possesses considerable boxing class. Brondel is the holder of several United States navy championships—he earned with the padded mitts while a sailor. Kid Rapina is also a scrapper of no mean ability and has been following the professional boxing game for some time past. The main bout is scheduled to go ten rounds but many of the fans who have seen Brondel and Rapina work out look for a k. o. from the mitt of one or the other before the end of the tenth frame.

An unusual feature of the Bloomington program will be a preliminary between two of the fastest bantamweights in this section.

Kid Britt of Madison and Battling Morgan of St. Louis will figure quite prominently in this fight for six rounds. Britt is quite well known as a fighter and has met some of the best men in his class and he is open to meet anybody at his own weight of 105 to 108 pounds. He has a record of eight wins, seven knockouts, one decision and only four losses out of 21 fights with such men as Battling Nelson, Young Sharkey and Gene McGovern.

TOMAH RIFLE CLUB ACCEPTS LA CROSSE CHALLENGE FOR MEET

Details of Arrangement Being Worked out for a Shoot to be Held in Both Cities

In response to the request published by the La Crosse Rifle club for a competitive shoot with neighboring rifle clubs, the local organization is in receipt of communication from R. A. Schendel, executive officer of the Tomah Rifle club, accepting the challenge of the La Crosse club, for competitive shoots to be held at both cities.

H. L. Currie, secretary of the local club, has written the Tomah organization advising them of the eagerness of the La Crosse club to enter a competitive shoot, and also suggesting several arrangements for the meet. His letter suggests that the teams from each club be composed of five men, and that the shoot consist of ten shots slow fire at three hundred yards, ten shots at five hundred yards, and ten shots at six hundred yards. Also that the shots be made from the prone position. The communication further advises that each member composing the respective teams be required to have been a member of his club not less than six months previous to his entering the competition.

The La Crosse club has agreed to provide five gold medals for the members of the winning team, providing the Tomah club will furnish a first, second and third prize for the three high individual scores in the match.

STRONG COMPETITION MARKS LAWN TENNIS MEET IN NEW YORK

FOREST HILLS, N. Y., Sept. 2.—The National Lawn Tennis singles championship tournament entered the fourth round today with the strongest competition of the meeting thus far promised. Enthusiasts centered their interest on the match between William T. Tilden II of Philadelphia and Vincent Richards of Yonkers, N. Y.

Next in interest was the match between R. Norris Williams II of Boston, and William M. Johnston of San Francisco, present champion.

TILDEN WINS
FOREST HILLS, Sept. 2.—William T. Tilden, 11, of Philadelphia, world's tennis champion, defeated Samuel Hardy of New York, Davis Cup team captain, 3-6, 6-2, 6-4, 6-2, in the third round of play for the national lawn tennis singles championship on the courts of the West Side Tennis club here yesterday.

You know "it's toasted." But do you know why?

LUCKY STRIKE is the toasted cigarette. Lucky Strike is the toasted pipe tobacco. And because Lucky Strike is toasted it preserves the Burley flavor for you until you smoke it.

The exact reason for this is interesting. You see, when Lucky Strike is toasted the heat closes the pores in the Burley leaves, and literally seals in the Burley flavor. It stays there for months—years—until it is released by burning in your pipe or cigarette.

Or take the method of the bee. You can put a honey-comb away for months or years and the flavor is always there—inside. This is because the bees put a thin coating of wax over the honey and seal it in, so it lasts forever.

The same with Lucky Strike. Toasting the tobacco seals in the delicious Burley flavor, to be "called for when wanted."

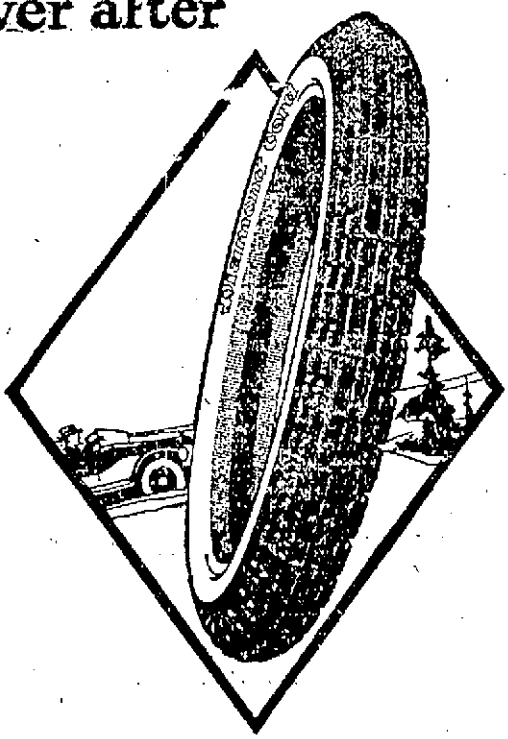

Whether you are a cigarette smoker or a pipe smoker you should get acquainted with the special and unequalled flavor of toasted Burley tobacco—to be found only in the Lucky Strike brand. Buy a package and you will notice this improved taste immediately.

FREE CHEST CLINIC STARTS ON FRIDAY AT STATE MEETING

Staff Members of State Tuberculosis Association Arrive Here for Important Work

LARGE NUMBER OF PERSONS
MAY HAVE EXAMINATIONS

Designed to Accommodate those
Not Under Doctor's Care

Miss Marion Corse and Theodore J. Werle, staff members of the Wisconsin Anti-Tuberculosis association, arrived in the city this morning to assist local committees with the organization work preliminary to the free chest clinic to be held on Friday and Saturday, September 10 and 11, in connection with the annual meeting of the State Medical society. Miss Corse comes direct from Kenosha, where she has been temporarily in charge of the health center established by the city health department following a large demonstration clinic similar to the one which is to be held in La Crosse.

In the chain of large demonstration clinics which have been held under the auspices of the Wisconsin Anti-Tuberculosis association in various parts of the state during the past year much of the responsibility of organizing work in advance of the coming of the special staff of medical examiners has been borne by Miss Corse and Mr. Werle. The work is thoroughly systematized so that the largest possible number of persons may receive the benefit of the service and so great has been the demand for this service in the majority of communities visited that the examining physicians have been compelled to continue their work until late in the evening.

Has Long Experience
Mr. Werle has been identified with the work of the state association for several years. He was for years in charge of the state association's unique campaign for reaching rural communities and interesting them in the health message. His motorcycle

tours of country districts, on which he carried a health exhibit, stereopticon show, and camping outfit on his motorcycle and camped by the roadside, attracted national attention. Following this unique health missionary work, Mr. Werle toured the state with a health wagon, an automobile especially equipped as an exhibit car.

Will Give Talks
In addition to the work with local committees, both Mr. Werle and Miss Corse will give health talks before interested groups and organizations during the ten days of organization work which will precede the clinic. An effort will be made to reach every person in La Crosse county who should for any reason take advantage of this opportunity to secure a thorough chest examination. The work done at this clinic does not in any way supplant or conflict with the work of local physicians but is designed primarily to reach people who are not under medical care. In other communities in which clinics have been held, however, physicians have taken advantage of bringing doubtful cases to the visiting medical men for consultation or for confirmation of a diagnosis which the patient was unwilling to accept.

Much interest in the coming clinic is being taken by people in communities adjacent to La Crosse and it is expected that there will be a considerable attendance from outside the county.

DON'T SQUEEZE BLACK- HEADS—DISSOLVE THEM

Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of calomel powder—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition. Anyone troubled with these unsightly blemishes should try this simple method.

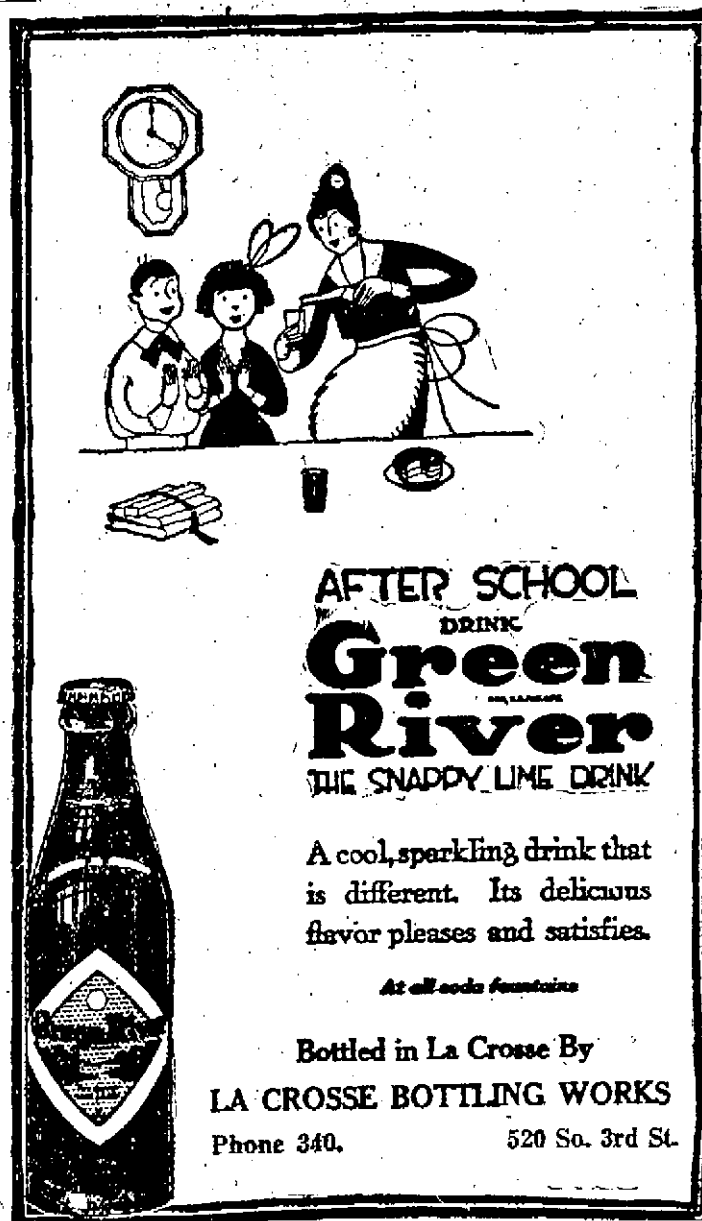

on the Japanese immigration question apparently are premature. State department officials said today that the discussions in progress between Secretary Colby and Ambassador Shidehara of Japan had not passed the stage of informal conversations for

the purpose of reaching an agreement on principle. The Tokio report asserted it had been agreed that all Japanese in the United States should be naturalized and the Japanese government undertake to prevent further emigration to this country.

Crepe de Chine DRESSES

NOW you can wash your silk dresses as safely as you used to wash cotton frocks—and know that the silk isn't going to be injured the least bit—provided you use the new, quick-lathering flakes of genuine Ivory Soap, made especially for washing silks, chiffons, laces and fine woollens.

Ivory Soap Flakes gives you all the safety and security from fading, shrinking and loss of lustre that you've always had from Ivory Soap. It makes the washing much quicker and easier, too—it's really no work at all.

Just toss a few of the light, snowlike flakes into hot water; then, for silks, cool (till lukewarm) the thick, cleansing suds that bubble up instantly. These suds are so rich and soapy that they take the dirt out without any rubbing. They're so mild and pure that they cannot harm any fabric or color that water alone will not harm.
